3. Booster Juice RDC Athlete of the Week:

Women: Queens Volleyball – the entire Team!

Queens Volleyball had a very memorable experience at the women's CCAA National Volleyball Championships in Calgary. It had been a couple of years since the Queens had qualified for Nationals. At the start of the season, the veterans took it upon themselves to make it known that this year's team was expected to be among the best in the Province and the country. Through their leadership and the constant improvement of players throughout the year, the Queens reached their goal. It is only fitting that the entire team be recognized for their efforts and contributions throughout the season. Without all the members of the team, Queens Volleyball would not have been the success they were. Congratulations Ladies!

4. Last Week's Results
