

ACAC Athletes of the Week

November 30 - December 6, 2009

Blake Robson SAIT Polytechnic Men's Hockey

Sophomore Blake Robson opened up the scoring and was last to add to the scoreboard in Friday's game against the Mount Royal Cougars. Robson also recorded two assists, making a significant contribution to the Trojans 5-2 victory.

In Sunday's win against the MacEwan Griffins he netted four of Trojans eleven goals. With a total of 17 goals in 16 games on the season, this weekend's games vaulted him from fourth to first place on the ACAC scoring leaders list. Robson continues to lead the conference in points as well, with 38 points.

The Calgary, AB native is taking Geomatics Engineering at SAIT Polytechnic.

Congratulations on being named Athlete of the Week!

Karla Bourke Red Deer College Women's Hockey

Karla opened the scoring in the Dec. 3rd game vs. MRU with a penalty shot. She went on to score the next three (3) goals for the Queens and assisted on the 5th in the Queens' 5 to 1 win.

Last year's Rookie of the Year has been playing well this season but like the whole RDC team she has struggled to put the puck in the net. Thursday night's performance by Karla was the missing piece in the Queens' first half of the season and it is sure to be a confidence builder for the whole team.

Karla graduated from Onoway High School, and is taking her BA of Science degree at Red Deer College.

Congratulations on being named Athlete of the Week!
