

## Student Experience

Please read below about the experiences of students who have attended the English as a Second Language Program at Red Deer College (RDC).

*“The ESL course is excellent. It is very complete and all of the teachers are very professional and prepare you to start your career. Take a chance!”*

– Julio, Level 1 student

*“I am happy to be one of the Level 4 ESL students at RDC. Our teacher is wonderful; she supports us, and she is patient with us. I enjoyed the Valentine’s Day party and the trip to Bower Ponds (skating). It was like a family outing.”*

– Beatrice, Level 4 student

*“When I first came to the ESL program at RDC, it was my second home. There were friendly people and the teachers were caring.”*

– Tae Suk, Level 4 student

*“I want to tell you about how I am learning English in Canada as a student in the ESL program at RDC. Before I came to this class, my writing and pronunciation were very bad, but now I can write a letter in English. Also, when I first came to the college, I didn’t know how to use a computer... when I sent my first email to my ESL teacher, it was a proud moment that I will never forget.”*

– Mirwais, Level 3 student

*“For me, as an immigrant, the ESL program has greatly helped me to improve in English. I found the teaching methods very interesting; classes are dynamic and sometimes there is a lot of homework.. I think we have very good teachers and above all a very good environment.”*

– Elsa, Level 5 student It would be great to post your experiences here along with others. We really look forward to having you become part of our program!!
