About Us

The Students' Association

The Students' Association of Red Deer College was created by students for students. It provides a wide variety of services, from advocacy to a used bookstore, to the students it serves. The businesses the Students' Association runs, the Far Side Bar & Grill, the Lift, the SA used bookstore, help offset the costs of providing these services.

Our mission — The Students' Association of Red Deer College will enrich and enhance the quality of student life at Red Deer College by providing affordable and quality services, effective political representation and exciting opportunities for its members.
